QUEBEC—ABSTRACT OF COLLECTION LAWS, &c.

ASSIGNMENTS.—Any creditor for $200 and over, whose claim is unsecured, may make a demand on a debtor to make an assignment or abandonment. If debtor who has ceased his payments refuses to abandon or assign his property he may be compelled to do so by a writ of *capias*. The assignment is made to the Court and a curator is appointed by the court, on advice of a meeting of creditors on the vote of the majority in number and value. The curator or trustee realizes assets, and divides the proceeds among creditors, but the debtor is not discharged by such assignment. Creditors accepting the dividend may still retain claim versus debtor for balance.

ATTACHMENTS. — Attachments before judgment issue on production of affidavit by creditor or agent that debtor is about to abscond, or secrete goods with a view to defeat or defraud his creditors.

CHATTEL MORTGAGES.—There are no such instruments known to the law in Quebec. If a debtor wishes to secure a debt by pledge, he must deliver them absolutely to the creditor.

COMMISSIONS. — Commissions for the taking of evidence outside the Province of Quebec may issue from the Circuit Court and Superior Court.

CONDITIONAL SALES.—The courts recognize and protect contracts, whereby the thing sold remains the property of the unpaid vendor, until all instalments of the sale price have been paid. This applies to contracts in use with regard to the sale of machinery, sewing machines, pianos and other articles of that kind on time, with payments by instalments. In cases arising out of such contracts, the courts here have held that the vendor had a right, on the failure of the person to whom the article was sold, to recover back his machine or article, or whatever it may be, against the claims of the creditors of the purchaser upon return of money dealers stipulated in contract that monies paid would be considered as rent for use.

CONTRACTS OF MARRIED WOMEN.—A wife who is a public trader, may, without the authorization of her husband, obligate herself for all that relates to her commerce, and in such case she also binds her husband, if there be community between them. A wife cannot bind herself by note or otherwise to pay her husband's debts.

COSTS.—In personal actions in which the amount demanded or the amount for which judgment is rendered does not exceed twenty-five dollars, no fee shall be granted against the defendant, who can only be condemned to pay the fees of the clerk and the costs of service of the action, except in the following cases:

1. Where the action is contested;
2. Where the action is, or is accompanied by a provisional measure, and such action or provisional measure is declared well founded by the judgment.
3. Where the action is for the recovery of a penalty, or is founded on an infraction of a statute, or upon an offence or quasi offence, or is for the recovery of wages or salary, or of an alimentary allowance, or of municipal or school taxes or assessments or other dues of the same kind, or of tithes, or assessments for the construction or repair of churches, parsonage houses, and cemeteries.

The same rule applies to seizures and to executions in virtue of judgments to which this article applies.

EXECUTION.—Execution can only issue in fifteen days after judgment, unless cause is shown by plaintiff that defendant is making away with his property, when he can procure its issue immediately. But where the judgment is entered for goods sold and delivered or upon promissory notes, etc., the execution may issue eight days after judgment. Execution can only be stayed by opposition of defendant, supported by affidavit which can be filed on the ground of informalities in seizure, or seizures of goods of third party though in possession of defendant. Case tried in the ordinary way, to test these rights, takes from two to three months.

EXEMPTIONS.—The exemptions from execution are beds, bedding and bedsteads, in ordinary use by debtor and his family, necessary wearing apparel, one stove and pipes, and a number of smaller articles, not to exceed $50 in value. All necessary fuel, meat, vegetables, fish flour not more than sufficient for ordinary consumption of debtor and family for three months; one cow, four sheep, two hogs and food therefor for thirty days; tools and implements of, or chattels ordinarily used in debtor's occupation, not to exceed $200 in value; a homestead in certain cases.

HOLIDAYS.—Sundays, New Year's Day, Epiphany, Ash Wednesday, Good Friday, Easter Monday, Ascension, All Saints, Conception, Christmas, the Birthday of the Sovereign, or the day fixed by proclamation for its celebration, the 24th of May being Victoria Day, and 1st of July, and any day fixed by the Governor-General or Lieut.-Governor as a publi holiday, as a day of general fast or thanksgiving, or as a labor day are legal holidays. Negotiable paper falling due on those days or on a Sunday are due only the day after and must be protested then.

INTEREST.—Interest may be charged when defendant has promised to pay it, or when a usage or course of dealing has been proved under which defendant has been in the habit of paying interest. When no rate agreed upon legal rate is 5 per cent.

JUDGMENTS.—Judgments may be obtained at any time in default cases, but if the defendant appears by attorney, judgment cannot be entered between July 1st and August 31st; but in commercial matters like notes or open accounts, defendant must file a plea or an affidavit that he has a serious defense. Judgments may be obtained where no defense interposed in eight or nine days,

and in both courts one extra day must be allowed for every fifty miles that defendant lives from the place where the court is held, over and above the first fifty miles. In case of an absentee defendant, he may be called by advertisement in the newspapers, if defendant has not appeared. Special provisions relating to action based upon commercial contracts are designed to expedite the trial and judgment therein. A judgment is good for thirty years. No judgment notes are allowed in Quebec.

JURISDICTION OF COURTS.—Circuit Court up to $100; Superior Court all amounts above $100; notes and accounts are outlawed in five years.

LICENSES.—No law exists in this Province requiring commercial travelers to take out a license.

LIENS IN FAVOR OF BANKS authorized by the Laws of the Dominion of Canada. (See this title under the Laws of Ontario. The law is a general one applicable to all the Provinces of the Dominion.)

MECHANICS' LIENS.—The only thing of this kind we have in the Province of Quebec is the builder's privilege, under which the laborer, workman, architect and builder may exercise a privilege upon the real estate property improved by their work. The privilege exists in favor of the laborer, workman and builder during the whole time they are occupied at the work without registration, and with registration provided it be registered within thirty days after the completion or cessation of the work. The architect and builder must inform the proprietor of the immovables of the contracts they have made with the chief contractor within eight days from the signing thereof. Suits against the proprietor in such cases must be entered within one year after the privilege has been registered.

VERIFICATION OF ACCOUNTS.—No verification is wanted; accounts if not contested, may be proved by affidavits taken even outside the Province of Quebec, by competent persons; to wit, notaries or commissioners specially appointed for that purpose by judges of the Province of Quebec, etc., and accounts contested, and other claims contested or not, must be proved out of mouth of defendant or by witnesses examined in Court or under commission, if the witnesses reside outside of the Province, or even within the Province at a distance of more than one hundred miles from the place where the Court is held.

SASKATCHEWAN—ABSTRACT OF COLLECTION LAWS, &c.

ASSIGNMENTS. — Preferential assignments will be set aside when the assignment is attacked within sixty days of its date, or where the assignor makes an assignment for the general benefit of his creditors within sixty days from the date of the assignment, the same will be presumed preferential. Assignments for the general benefit of the creditors may be made for the purpose of paying all creditors their just debts, rateably and proportionately without preference or priority. Such an assignment must be made to a Trust Company duly authorized to transact such business within the Province. Such assignment must be registered with the Registration Clerk of the Judicial District in which the assignor resides outside Saskatchewan, then in that district in which the principal part of the property assigned is situated. The debtor is entitled to retain all property exempt from seizure under execution. There is no bankruptcy law.

ATTACHMENT OF DEBTS OR GARNISHMENTS.—The creditor may after action is brought for a debt or liquidated demand and either before or after judgment attach debts owing the defendant by means of garnishment. Garnishee summons is obtained on filing affidavit showing the amount and value of the claim and swearing positively to the indebtedness of the defendant to the plaintiff and stating belief of indebtedness of the proposed garnishee. If debt is due to the defendant for wages it is exempt from attachment unless it exceeds $25, and then only to the extent of such excess. No exemption when debt sued for is contracted for board and lodging.

ATTACHMENT FOR PERSONAL PROPERTY.—After the commencement of any suit wherein the claim is for the recovery of a debt of $50 or upwards from the defendant to the plaintiff, upon affidavit made by the plaintiff or agent having personal knowledge stating clearly and succinctly from what cause such debt arose and the amount thereof, and that he has good reasons to believe (giving the reasons thereof) that the defendant (a) is about to abscond or has absconded from the Province leaving personal property liable to seizure under execution or (b) has attempted to remove such personal property out of the Province or to sell or dispose of the same with intent to defraud his creditors generally or the plaintiff in particular; (c) keeps concealed to avoid service of process and (d) trict which contains the Sheriff's district in either case that the deponent verily believes that without the benefit of the attachment the plaintiff will lose his debt or sustain damage; and upon the further affidavit of one other credible person that he is well acquainted with the defendant and verifying the facts as above, writ of attachment may issue against all the personal property and effects of the defendant liable to seizure, and in any case where the defendant has absconded leaving no wife or family behind, no property of such defendant is exempt from seizure.

BILLS OF EXCHANGE AND PROMISSORY NOTES.—These are governed by the Laws of the Dominion as to days of grace, protest and notice. Interest must be expressed at a certain rate per centum per annum and not per month, week or day, otherwise only 5 per cent. per annum is collectible. If no interest is stipulated, interest at 5 per cent. runs from the date of maturity only. After maturity, notes, etc., bear interest at 5 per cent. unless otherwise expressly stated.

CHATTEL MORTGAGES —May be given to secure an existing debt, future advances or to secure a mortgagee against endorsements of bills or notes, etc. The future advances must not extend over a longer period than two years. Growing or future crops may be mortgaged only to secure the price of seed grain, and crop must be sown within one year. Chattel mortgage must be accompanied by affidavit of due execution and affidavit of bona fides, and must be registered in the office of the Registration Clerk of the Judicial District in which mortgaged property is situated, within thirty days; they are valid for two years from filing, but renewal can be filed within thirty days before the expiration of such two years and then thirty days before the expiration of each year thereafter. All assignments by retail merchants or traders of book debts or debts to be incurred must be in writing and executed and registered under the provisions of the Bills of Sale Act. Chattel mortgages must be carefully drawn and in strict compliance with the Act, otherwise they are liable to be set aside.

EXECUTIONS.—Executions are good for two years, but may be renewed for a further period of two years from time to time, until judgment expires at the end of twelve years. Execution against lands can only be issued when the amount due on the judgment is $50 or more, and are only registered in that Land Registration Dis- to whom the writ is directed. The lands of the judgment debtor may be seized and sold after the expiration of one year from the date of delivery of the writ to the Sheriff, and in case the land of the debtor is exempt under the Exemption Ordinance, the memorandum of the execution is endorsed on the title and is a latent charge against the land; that is, the land can be sold at any time that it ceases to be exempt under the Exemption Act. There is no priority among execution creditors, all sharing rateably.

EXEMPTIONS.—The following real and personal property of an execution debtor and his family is exempt from seizure under execution: (1) Necessary and ordinary clothing of himself and family; (2) furniture, dairy utensils, swine and poultry to the extent of $500; (3) necessary food for his family during six months, which may

include grain and flour or vegetables and meat, either prepared or on foot; (4) three oxen, horses or mules or any three of them, six cows, six sheep, three pigs and fifty domestic fowls, besides the animals chosen for food purposes and food for same for the winter months; (5) harness for three animals, one wagon or two carts, one mower, a cradle and scythe, one breaking and one cross-plow, one set of harrows, one horse rake, sowing machine, binder, set of sleighs and seed drill; (6) books of professional men; (7) the tools and necessary implements used by the debtor in the practice of his trade or profession to the value of $200; (8) seed grain sufficient to seed all his land under cultivation not exceeding eighty acres at the rate of two bushels per acre and fourteen bushels of potatoes; (9) the homestead, provided it does not exceed 160 acres. In case it be more, the surplus may be sold subject to any liens or encumbrances thereon; (10) house and buildings occupied by the execution debtor and also the lot or lots on which the same are situate to the extent of $1,500. The debtor is entitled to his choice from a greater number of articles of the same class, and except for food, clothing and bedding, the subject matter of the judgment upon which execution is issued is not exempt. There is no exemption in the case of an absconding debtor leaving no wife or family. Interest may be recovered on written agreement after date of maturity and on open accounts from and after demand of payment and notice that interest will be charged if account be not paid. The legal rate is 5 per cent. (See Executions).

JUDGMENTS.—Judgments may be entered in default of appearance when the claim is for liquidated debt, twenty days after service when the defendant resides in the Province. Judgments are good for twelve years from the date of entry, but are of no effect to bind either goods or lands of the debtor until an execution is issued and filed with the Sheriff in which district the defendant has goods or lands.

LIEN NOTES AND HIRE RECEIPTS.—When goods to the value of $15 or upwards are sold and possession parted with, although the ownership or right of property does not pass to the buyer until payment in full, the agreement must be in writing, otherwise it is void as against execution creditors, purchasers for value, etc.; such agreement or a true copy therefore, with affidavit of bona fides, must be registered in the office of the proper Registration Clerk within thirty days. But nothing in the Conditional Sales Act applies to the sale of any manufactured goods which at the time of delivery have the manufacturer's or vendor's name painted or stamped upon them, if such manufacturer or vendor keeps an office in Saskatchewan where information in reference to such sale may be obtained.

LIENS IN FAVOR OF BANKS authorized by the Laws of the Dominion of Canada. (See this title under the Laws of Ontario. The law is a general one applicable to all the Provinces of the Dominion.)

LIMITATIONS.—All actions for recovery of merchants' accounts, bills, notes and all actions of debt grounded upon any lending or other contract not under seal, shall be commenced within six years after the cause of such action arose; to recover any sum of money secured by mortgage, judgment or lien or otherwise charged upon or payable out of any lands or rent, action must be commenced within twelve years next after a present right to receive the same shall have accrued to some person capable of giving a discharge for or release of the same, but for other debts due under other sealed instruments, within twenty years. An acknowledgment of a debt or a promise to pay sufficient to revive the debt must be in writing and signed by the party chargeable.

MARRIED WOMEN.—Every married woman shall be capable of acquiring, holding and disposing of by will or otherwise and without her husband's consent, any real or personal property whensoever acquired. She may in all respects deal with such property as if she was feme sole. She continues liable for her ante nuptial debts and the husband is only liable for such debts to the extent of the property he received from her.

MORTGAGES ON REAL ESTATE.—Must be registered in the proper land titles office and take priority according to the date of registration.

SALE OF GOODS AND STOPPAGE IN TRANSIT.—A contract for the sale of any goods of the value of $50 or upwards shall not be enforceable by action unless the buyer shall accept part of the goods so sold and actually receive the same or give something in earnest to bind the contract or in part payment or unless some note or memorandum in writing of the contract be made and signed by the party to be charged or his agent in that behalf. An unpaid seller has (a) a lien on the goods or right to retain them for the price while he is in possession of them; (b) in the case of insolvency of the buyer a right of stoppage of the goods in transit after he has parted with the possession of them; (c) a right of resale as limited by the Sale of Goods Act. Subject to the provisions of the Sale of Goods Act when the buyer of goods becomes insolvent the unpaid seller who has parted with the possession of the goods has the right of stopping them in transitu, that is to say, he may resume possession of the goods as long as they are in the course of transit and may retain them until payment or tender of the price. (For conditional sales see lien notes).

SALE OF GOODS IN BULK.—Whenever traders, merchants, commission merchants or manufacturers make any sale or transfer of a stock of goods, wares or merchandise or part thereof out of the usual course of business or trade of the vendor or whenever substantially the entire stock in trade or an interest in the business or trade of the vendor is sold or conveyed it shall be deemed a sale of bulk, and it shall be the duty of the purchaser to demand and it shall be the duty of the vendor to furnish a statutory declaration setting forth all the creditors of the vendor, their addresses, the nature of their indebtedness, the amount of the same and when due. The sale or transfer shall be deemed to be fraudulent unless such declaration is obtained or unless the whole of the proceeds of such sale be in fact applied by the vendor in payment of all the creditors in full. The purchaser may, however, obtain the written waiver representing sixty per cent. of the claims of all creditors or may pay the whole of the consideration for such sale or transfer to the official assignee for distribution pro rata under the provisions of the assignment act. Provided, that if the purchase price is less than the total indebtedness of the vendor, the purchaser shall obtain the written consent of the creditors representing at least 60 per cent. of the amount of such indebtedness of the vendor.

☞ Where only a credit rating appears, this ling of credit designation applies. } 1 2 3 4

(*d*) Where an italic *d* in parenthesis precedes a rating, it is an indication that one or more of the partners in the firm are liable in another or other firms, and the responsibility is in that sense divided, THUS: (*d*) B+1.

The absence of a rating, whether of capital or credit, indicates those whose business and investments render it difficult to rate satisfactorily. We therefore prefer, in justice to these, to give the detailed reports on record at our Offices.

Ratings of Branch Houses should be looked up at Headquarters also.
